

# VIKASH KUMAR

Pune, Maharashtra 411028 | +919693794441 | vikashkr5203@gmail.com | **WWW:** <https://www.linkedin.com/in/vikash-kumar-965357211/> |  
**WWW:** <https://github.com/VIKASH5203>

## Skills & Expertise

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, SCSS, Bootstrap, Tailwind CSS, JSON
- **Backend:** Java, Spring, Node.js
- **Version control and CI/CD:** Git, Perforce, and Jenkins
- **Tools and applications:** AEM (Adobe Experience Manager), React Dev Tools, VS Code, IntelliJ
- **CS fundamentals:** OS, DBMS, OOPS
- **Database management:** MySQL and MongoDB
- **Soft Skills:** Problem Solving, Time Management, Teamwork
- Data structures and algorithms

## Experience

### Software Engineer Associate

08/2023 to Current

#### Amdocs

Pune

- Over 2 years of experience in collaborating with clients to implement Figma-based UI designs and leveraged AEM to provide clients with greater control over content and experience management.
- Architected modular React components, enhancing code reusability. Also optimized Redux state management, ensuring smooth application performance and reducing loading time by 30%.
- Collaborated with cross-functional teams to design, develop, and debug robust Java-based Servlet APIs tailored to complex project and client requirements, ensuring scalability and seamless integration with the UI.
- Implemented comprehensive e-commerce solution facilitating seamless sales of phones, plans, broadband, and accessories across self-service, retail, and mobile app platforms.
- Integrated third-party APIs to expand application capabilities and features.

### Software Engineer Intern

03/2023 to 05/2023

#### United We Care | [Certificate](#)

Delhi

- Created high-performance APIs using FastAPI, enabling efficient backend functionality and quick response times for client-facing applications.
- Integrated Redis for fast in-memory data storage and caching, improving application speed, and reducing load on primary databases.

### Technical Blog Writer

01/2023 to 03/2023

#### Coding Ninjas | [Certificate](#)

Delhi

- Authored around 30 technical blogs/articles addressing a range of subjects in computer science

## Personal Projects

### Mind-Verse | Multi-user blog website | [Link](#)

- Built a multiuser blog platform with features to create, read, update, and delete posts using Node.js, Express.js, and MongoDB
- Implemented user authentication with Passport.js, and designed a responsive UI using Bootstrap for smooth content browsing and blogging

### Day-Scheduler | [Link](#)

- Developed a web-based to-do application using Node.js, Express, EJS, and MongoDB to manage daily tasks with add, delete, and edit functionalities
- Enabled dynamic task management with server-side rendering through EJS, and persistent storage using MongoDB

## Education

### B. TECH: Electronics And Communication Engineering

05/2023

National Institute of Technology, Jamshedpur

Jamshedpur

- CGPA: 7.84

## Achievements and Certifications

- 800 plus problems solved over all coding platforms. Gold level-Hacker Rank (Java). [Link](#)
- Excellence in JAVA- (Coding Ninjas) | [Link](#) | DSA Completion Certificate- (Coding Ninjas) | [Link](#)
